"You are not starting over. You are finally getting credit for what you already do."

Dear candidate,

The women who apply to this School rarely arrive as beginners. They arrive as the person their family and community already calls first – after years of study nobody ever certified. Our admission exists to correct that: a rigorous, honest, competency-based path from experience to credential.

Inside this Prospectus you will find the complete picture: our 4 academic colleges and 25 specialized programs, the credential ladder and its academic credits, what our graduates build, and what your Senate Scholarship covers. Nothing is hidden, because trust is our product.

Read it with one question in mind – not "am I qualified to begin?" but "is this the work I've been doing all along?" If the answer is yes, your seat is already reserved.
